Stearis Agency
RE: Junior Front End Developer

Dear Stearis Agency,

I was excited to learn about the Junior Front End Developer position with Stearis Agency posted on your company website and would greatly appreciate your considering my placement in this role. I've closely reviewed the needs and requirements for this role and believe that my qualifications have prepared me to contribute immediate value to your organization.

While in university, I worked hard to hone my programming and software testing skills. I am focused and attentive to detail when addressing high-volume task loads to meet deadlines. I am inspired by making a positive impact by applying UI updates skills and my problem-solving abilities allow me to address challenges to achieve results.

My academic experiences have served me well in developing my innovation, teamwork, and time-management skills. I work well to use clear and concise communication to interact professionally with co-workers, supervisors and customers. I look forward to speaking with you regarding my skill set and attributes which I believe will serve as an asset to support Stearis Agency's goals. Please take a moment to review my attached resume. Thank you for your time and consideration.

Sincerely,
Andreea Maria Constantin
